EX-FBI AGENT CHARGES BUREAU KEPT OSMALD DATA FROM SECRET SERVICE

NOW YORK, Jan. 28.—Charges that the Federal Duresu of Investigation failed to transmit information it possessed on Lee Harvey Oswald to the Secret Jervice and the Dallas police were published today in an article written by a former FFI agont.

William M. Nurmer, employed by the Bureau for 10½ years, conducted a private investigation in Ballac immediately following the assassimation of President Kennedy. His article, "The FBI Could Have Saved President Kennedy's Life," appears in the current issue of SAGA magazine.

According to Turner, a Dallas FBI seemt had interviewed Oswald 10 days prior to the assassination. Two FBI sen, whose names Turner says he knows, had talked originally to Oswald's mother in an effort to locate him in Tallais. And Oswald's Russian wife was visited twice during October by FBI agents.

Although the Dallas police had no record of any sort on Osvald, his none was in the files of the FRI's Dallas office. Turner reveals that a "thick file" on the occused assassin was begun by the Federal agency after Osvald applied for Bussian citizenship in Noscov in 1999. "It was started at the unging of the State Department's security unit, and it was reviewed and brought up to date every 30 days during 1962 and 1963. Here, the FRI did its duty," Turner writes.

Orwald's name did not appear, however, on a "risk list" the Eureau gave the Secret Service. Turnar states, "All my previous contacts with the men of the Secret Service convince me that they would have stepped in to neutralize Gevald--if only they then had the information they have now. But as we have seen, the Secret Service knew nothing about Gevald. In this respect, I believe the FBI was angligant."

The SAGA article also charges that "jealousy and a lack of cooperation and communication between law-enforcement agencies" allowed the President's assessint to succeed. "For years," says Turnar, "there have been recurring runners of rivalry between the FBI and the Secret Service. But to me, as a former FBI agent, they are more than runners. Sommer or later, I believe the whole story will come out. It is beginning to already."
